CONCLUSION:

Amma says 'Education is not only to help us live a comfortable life of plenty. When our plans fall apart, when we face failure and loss, when we are knocked down, education should help us get back on our feet. Education should help us regain our mental equipoise, self-confidence and positive attitude, so that we can continue forward." With this vision in our mind we as parents, teachers and school community have a long way to go. This is undoubtedly a challenging task and a challenging year, but for our precious kids we need to go the distance. We need to work as a team in building up our future nation.

Let us pray to Amma, our tower of strength, to shower Her choicest Blessings on us and guide and espouse us in all our endevors. Offering ourselves at the Lotus Feet of Amma.

Let us remain with this great prayer...
